## Vets Post 3460 Will Give Civil Defense Course Starting March 25

Commander Nicholas A. Alleve of Media Post No. 3460, Veterans of Foreign Wars, announced that a civil defense course entitled "Operation Survival" will be conducted by the local Post starting on Wednesday, March 25, at 7:30 p.m., in the Community Room of the Media Federal Savings and Loan Association Building at Front and Jackson sts., in Media.

The project has the full endorsement of that body, according to the Department's office in Harrisburg. The VFW is the only organization of its kind to undertake such a promotion on a state level.

"Operation Survival" is designed to teach adults basic information needed to prepare for natural, man-made or enemy caused disasters. The 12 hours of instruction will be given one night per week, 2 1/2 hours per night, for a period of five weeks. There will be no tuition or fees of any kind and text materials will be furnished free. A certificate of completion will be awarded to all who finish the training.

All persons 16 years or older not currently attending high school, Pennsylvania school who reside in Media or Upper Providence are eligible

Altapiodi, 315 Fairlamb av., Havertown. The annual benefit will be held at Mater Misericordia Academy, 515 Montgomery av., Merion, Sunday evening, March 15.

Alleve urged residents of Media and Upper Providence to assure themselves of a place in the class by making reservations promptly. John W. Hoffman, 103 West 8th st., Media's Civil Defense Director, is chairman and he or Thomas B. Riley, 101 East Front st., post adjutant, should be contacted by those interested in taking the course.

The course deals with Pennsylvania natural disasters; dangers of nuclear fallout; chemical-biological weapons; how to plan, build and equip a home shelter; the responsibilities of federal, state and local civil defense organizations, and other emergency preparations for the family.

We all have within us a center of stillness surrounded by silence.

—Dag Hammarskjöld.

## James Feight, Jr.

James Feight, Jr., son of Mr. and Mrs. James Feight, of 12 Brookside rd., Wallingford, a freshman at Dickinson College, has been placed on the dean's list.

## Media Area UN. Committee Planning For Another Program

The Media Area Committee for the United Nations announces that plans are in the making for the Fifth UN Weekend to be held in this area. It is probable that no other UN Committee can make such an announcement as ours is the second UN Committee to have been formed and the only one to continue its activity on a regular basis. In fact we are well known and well thought of in the United Nations Organization.

In the past our invitations have gone to the delegates of all the member nations of the UN. Acceptances have represented usually about 40 nations and included up to 150 people. The guests are allocated to host families and begin to arrive on the Friday evening through Saturday morning. Most of the time spent here is with the host families who arrange sight-seeing trips, tennis, swimming and family and neighborhood get-togethers.

In recent years the big event of the weekend is the UN Picnic which has been held at Linville Orchards after swimming and games. Square dancing called by the famous Chris Sanderson has followed the picnic supper. Including UN guests, hosts and local people, the attendance at the Picnic is usually about 600—all having a wonderful time.

In planning for the Fifth UN Weekend the Committee has decided on an innovation, to extend the hospitality of our area to the Secretariat of the UN. This group of somewhat younger people consists of specialists and workers at the UN from all the countries represented. The invitations now so frequently received by their Chiefs do not include members of the Secretariat.

When this idea was proposed to the UN it was received with

a great deal of enthusiasm because the members of the Secretariat are also strangers in a strange land and they, too, need to get away from New York and meet American families and see something of rural America.

UN Weekends have been immensely rewarding undertakings and many of the original Committee members are still active. A substantial number of new members have recently joined. Steam is being built up and plans are moving into high gear.

Meanwhile in continuance of the policy of supplying UN material to the local libraries, the Committee is entering subscriptions to "The United Nations Review," "The World Health Chronicle," and the "UN Courier" in the names of the Media, Upper Providence, the Helen Kate Furness and the Middle-town Libraries.

## Media Woman Appointed to Veterans Hospital Red Cross Post

Mrs. Kathryn M. McCallion of Media has been reappointed as Red Cross Hospital Representative at the Coatesville Veterans Administration Hospital. Announcement of the two-year appointment was made by Red Cross Eastern Area Headquarters in Alexandria, Va.

Mrs. McCallion was reappointed after completing her first two-year term as Hospital Representative. She has also served as alternate Representative, and has been a Red Cross Gray Lady at the VA Hospital since 1958.

Mrs. McCallion, who lives at 441 Paxon Hollow rd., Media, spends two days a week doing volunteer work at the VA Hospital. In addition to her Red Cross duties, she is a member of the Hannah Penn Club, the Philadelphia Athletic Association, and the Guild of St. Vincent's Hospital for Women and Children.

As Hospital Representative, Mrs. McCallion is responsible for coordinating the activities of all Red Cross volunteers at the hospital. The program at Coatesville includes volunteers from Red Cross chapters in Bethlehem, Southeastern Pennsylvania, Chester-Wallingford, Lancaster County, Lehigh County, Easton and York County.

There are approximately 130 Red Cross volunteers serving at the hospital. Volunteer groups also entertain the 1,560 hospitalized men and women veterans with parties, dances and variety shows.

There is a continuing need for volunteers at the hospital, according to Mrs. McCallion, especially in dental service, hospital libraries, occupational therapy, hospital recreation, patient visiting and letter writing. Mrs. McCallion urged anyone interested in volunteering to contact the nearest Red Cross office.

## Red Cross

At a recent meeting of the Board of Directors of the Western Delaware County Branch of the American Red Cross an informative panel discussion was conducted by the Kenneth Hoag, chairman of the Disaster Services. He posed the hypothetical problem, that a tornado had struck west of Media. Four people had been killed and many had been injured and their homes damaged or destroyed. Of the organization which would report immediately to give aid in such a disaster four were represented on the panel.

Probably the first to be alerted would be the police for whom the spokesman was Lt. George A. Gollub of the Pennsylvania State Police, Media Sub-Station. Beyond the immediate area where there are 14 police departments, a stand-by alert would be given the remaining 48 police departments in the district. The first job would be the re-routing and control of traffic. Then they would assist, as needed, the fire departments with their ambulance services and cooperate with the Red Cross, Civil Defense and Hospital in the care of the injured and the dispossessed. Later they would protect damaged property from looting.

But the job of the Red Cross is not finished when the emer-

## UP-Middletown League Studies Election Laws

Pennsylvania's Election Laws were the subject of discussion at unit study meetings held on March 4 and 5 by the Upper Providence-Middletown League of Women Voters.

Mrs. Donald Rupp, Election Laws chairman, presented material from the report of the President's Commission on Election Laws comparing franchise limitations in various states. Pennsylvania ranked approximately in the middle as far as voting restrictions are concerned, as well as in the percentage of eligible voters who actually cast their ballots in various elections.

League members were asked to consider such questions as the possible lowering of voting age, the necessity for tests of competence, the adequacy of provisions for absentee ballots, the advisability of permanent registration, and the need to reduce residence requirements for eligibility to vote in Presidential elections.

In connection with its consistent service in informing the voter about candidates, issues, and voting regulations, the League is emphasizing election laws as its current study topic. Other meetings on this subject will be held March 18 at 9:30 a.m. at the home of Mrs. Rufus Walker, 108 Judith la., Knowltonwood, and March 19 at 8 p.m. at the home of Mrs. Ernest Lauser, 1232 Hunt Club la., Upper Providence.

Fire Marshal, described the organization of the 81 Fire Companies in Delaware County and their response in such an emergency. In addition to fighting the fires that may have been caused by the tornado been damaged would be sent to care for the injured and transport them to hospitals.

Communication is vital in disaster. Daniel H. Curran of the Bell Telephone Company, explained that the Central Office receives a signal as each telephone goes out of service. From these signals the location of the trouble can be determined and field engineers are sent immediately to assess and correct the trouble. From the Central Office messages can also be re-routed through undamaged cables. In addition mobile telephones can be sent to essential locations.

The four-fold role of providing food, shelter, clothing and medical care, of the Red Cross in disaster was outlined by Harry Sheridan, Disaster Director of Southeastern Pennsylvania Chapter of the Red Cross. Emergency shelters would be set up in schools and churches where the facilities were undamaged. Volunteer doctors and nurses would staff the shelters with the help of other Red Cross workers, particularly those who have been trained in First Aid. Red Cross Staff Aides would register the injured so that separated families could be traced. Cots, blankets and medical supplies would be sent from the Red Cross Chapter in Philadelphia and from the branches in nearby communities. As necessary food would be purchased from Red Cross funds and prepared by volunteer specialists as required would be sent to the scene.

But the job of the Red Cross is not finished when the emer-

gency is under control. There follows a rehabilitation period sometimes running into months when continuing assistance is given to victims who are left with long-term problems they are physically or financially unable to deal with. In fact 80 cents of the Red Cross relief dollar is spent on the rehabilitation of disaster victims; 15 cents goes to the support of emergency relief, and 5 cents for administration costs. For this reason it is sometimes necessary to make an appeal for additional funds to carry on the relief program in a particular disaster where large numbers of people have been affected. Questions from the board followed the presentation by the panel.

During the meeting the chairman of the Board, Louis Essaf, welcomed Mrs. Charles Kerr as chairman of the Blood Program in Springfield and Mrs. Kenneth Hoag as chairman of Community Services to Hospitals and Installations.

Mrs. Robert DeHaven announced that the Branch would hold a party at the Veterans Hospital at Coatesville, March 10, at which the students from Williamson School would sing.

## First Methodist Of Media Presents 'Stabat Mater'

On Sunday, March 15, 1964, at 8 o'clock in the evening, Rossini's "Stabat Mater" will be performed at the First Methodist Church in Media, State and Lemon sts., according to W. Alfred Hoffsommer, choir director. Twenty-four members of the Lansdowne Symphony Orchestra will provide the accompaniment for the 40-voice choir. The regular adult choirs augmented by singers from other communities will perform the tremendous choruses of this work using the English words adapted by William Ball.

The tenor soloist will be Howell Zulick of Springfield; soprano, Diane Lafferty, Green Ridge; second sopranos, Elizabeth Havens and Marjorie Muehlmann, both of Media. Edward H. Rigby, III, of Media, will sing the bass solos.

The presentation of this work was planned originally as a contribution by the choir to the spiritual and musical program of the church during the Lenten season. With the addition of the orchestra, however, it has become an inter-community event, with singers coming from Darby, Ridley Park and Philadelphia.

This is the fifth time in the past nine years that Rossini's "Stabat Mater" has been sung by the choir of the First Methodist Church of Media. A coffee hour will be held in the Fellowship Hall of the church following the presentation of the cantata.

The Rev. Robert Walker is pastor of the church; Mr. Rex Super is organist, and Mr. W. Alfred Hoffsommer is choir director.

This presentation will be a worthwhile contribution to the Lenten observances in the community and the public is cordially invited to attend.

## Robert E. Blank

Robert E. Blank, 300 South Manor dr., Media, has been named on the dean's list at the 102 scholarships totaling \$110, Pennsylvania Military College, 000.

## Recruit Grad

Paul S. Gibson

Paul S. Gibson, seaman apprentice, USCG, son of Mr. and Mrs. J. D. Gibson, of 168 Painer rd., Media, graduated from recruit training February 8 at the Coast Guard Receiving Center, Cape May, N. J.

Under the close supervision of his company commander, he learned to wear the Coast Guard uniform properly and proudly, how to march and perform the manual of arms, proper cleaning and stowage of uniforms and the high standards of Coast Guard discipline.

In field and classroom instruction he learned seamanship and gunnery, use of small arms, military justice, communications, physical fitness and Coast Guard history.

## Testing Ends

Harold B. Diamond, Jr.

Marine Private First Class Harold B. Diamond, Jr., son of Mr. and Mrs. Harold B. Diamond, of 448 Radnor st., Media, completed a week of testing and screening, January 31, at the Naval Air Technical Training Center, Memphis, Tenn.

During the week he received a battery of aptitude tests and was interviewed to determine his eligibility for technical training to prepare him for duties with the aviation field of the Marine Corps.

## Advanced Combat

James Harper

Marine Private First Class Robert C. Harper, son of Mr. and Mrs. James I. Harper, of 901 Winding la., Media, completed advanced combat training February 9 at the Infantry Training Regiment, camp Lejeune, N. C.

The training is the final phase of basic training and teaches the Marine small unit tactics and the live firing of weapons under simulated combat conditions.

Upon graduation he will be transferred to a Marine Corps post or station for duty.

## Louise Steinmark

Louise W. Steinmark has been named 1964 Betty Crocker Homemaker of Tomorrow for Nether Providence High School, Wallingford. She achieved the highest score here in a written homemaker examination taken by senior girls throughout the country on December 3, and placed on the dean's list at the 102 scholarships totaling \$110, Pennsylvania Military College, 000.

## Media BPW Club to Honor Doris Hillis

The regular monthly meeting of the Media Business and Professional Women's Club will be held at Howard Johnson's restaurant, Baltimore avenue and Providence rd., Media, on Tuesday, March 17, at 6:30 p.m. Mrs. Eleanor McMillen, president, will preside and the program chairman for the evening will be Miss Miriam F. Kye. The topic for discussion is, "Joint Affairs," and the speaker will be John W. Lawrence, M.D., who is a member of the Speakers' Bureau for the Arthritis and Rheumatism Foundation—Eastern Pennsylvania Chapter. Dr. Lawrence is a specialist in this field, maintaining offices on W. Front st. in Media.

Doris Hillis, daughter of Mr. and Mrs. Donald S. Hillis, Box 100, Shavertown rd., Boothwyn, will be honored.

Doris came to Media High School from Garnet Valley Junior High School at the beginning of the tenth grade. She is an excellent student and has been very busy in important school activities.

She is vice president of the National Honor Society. She was also a member of the junior National Honor Society before coming to Media.

She continues to be active in Scouts.

She is Literary Editor of the school Year Book.

## Cleaves Dodge

Cleaves C. Dodge, 22, son of Mr. and Mrs. Allan C. Dodge, of Media, has begun basic training at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical training or on-the-ships and stations for on-the-job training in a Navy rating specialty.

Naval training produces the power in seapower by supplying qualified personnel to man the ships, planes, and shore stations of today's Navy.

She is talented in art and holds a Saturday scholarship in art at Moore Institute, in Philadelphia.

She is active in her church and is currently vice president of her Youth Fellowship.

Doris is planning to study science, majoring in either biology or chemistry. She is planning to enter Lindenwood College, St. Louis, Missouri. She has been awarded a \$16000 scholarship, renewable for the four years of college.

## Media-Upper Providence Library

The regular meeting of the Board of Directors of the Media-Upper Providence Library, held at the Library on February 24, was presided over by its secretary, Miss Margaret Perrin. The Board's new member, Mrs. William S. Butler, of 170 Fox Catcher la., Rose Tree, was presented.

A total book circulation of 5258 for the previous month was reported by Mrs. Ruth Packard, who also listed 78 new members registered and 213 new additions in all book classifications.

Miss Elizabeth Taylor reported that the Book Selection Committee, which consists of specialists in various fields, had made studies of our needs and produced recommendations for the purchase of books. Special note was made of the pleased public reaction to our greatly expanded book resources made possible, in part, by State Aid. Over the last two years nearly \$11,000 will have been used in the purchase of new books and magazines. The addition of so many new books naturally creates a bright and interesting atmosphere which the public is urged to inspect.

The Chairman of Volunteers, Mrs. Charles Nolan, reported that most of the hours when additional help is needed are well covered, but that a few more adult volunteers are needed and would be welcomed.

As a member of the District Library Joint Committee, Miss Perrin reported on the expanded service of Inter-Library Loan since the Philadelphia Library has been designated a District Library for Philadelphia, Delaware and Montgomery Counties. Inter-Library Loan has, for many years, made it possible for a member of any library to borrow, through his own library, books from other libraries. All participating libraries now have on their shelves bound volumes containing up-to-date lists of all books owned by the Philadelphia Library. A borrower, who cannot find what he needs in his own library, may request books from these lists. At the present time such books are mailed to the local Library where the borrower can pick them up and return them. Later it is planned to have truck delivery several times a week. Other services are also planned such as training classes for volunteers in library reference work and work with children and other public services.

The annual report of the Library follows:

## Local Student On WBS Staff

Miss Kathleen Martin, 324 E. Rose Tree rd., is a member of WBS, the campus radio station at Wellesley College, Wellesley, Mass.

WBS is currently in its third year of broadcasting and is on the air 40 hours every week. It presents a wide variety of music, including classical, folk, jazz, foreign, operatic, and rock and roll. Educational programs, such as recorded plays and poetry readings, are frequently produced. Some of these programs are given in conjunction with courses offered at Wellesley. WBS also serves the campus community as an outlet for student organizations and provides the opportunity for students to present their own works.

WBS is a member of the University Broadcasting Stations comprised of campus radio stations in the Boston area. The station operates on a closed circuit and is heard only on the Wellesley campus.

This year, for the first time, WBS is offering a training program for its new members. Engineering techniques were taught during the first semester, and announcing techniques will be taught in the second semester.

Miss Martin is the daughter of Mr. and Mrs. John Martin and a graduate of Penncrest, Lima.

## Mary V Flynn

Mary C. Flynn has been named 1964 Betty Crocker Homemaker of Tomorrow for Notre Dame High School, Moylan. ## The Media Area Retired Men's Association Has Elected Officers

The new officers of the Media Area Retired Men's Association for this year have been installed and taken office:

Director, Walter G. Emmott, of Middletown; associate director, Emil J. Mueller, of Springfield; secretary and treasurer, Frank J. Harvey, of Media; Advisory Board, John Leonard, of Cheyney; Dr. Harold H. Baldwin, of Swarthmore; R. B. McCafferty, of Media; Russell W. Gies, of Nether Providence.

In spite of near blizzard conditions which occurred twice this winter and necessitated postponement of two meetings, regular gatherings of the members have been and will be held each second and fourth Tuesday mornings of the month at the Media Federal Savings and Loan Community Room at 10:30 a.m. Speakers and films with a wide variety of subjects have included an excellent treatment by G. Baker Thompson, County Superintendent of School of Delaware County, on the problems of our schools and how they are being gradually solved in spite of many difficulties. The proposed reorganization of the school districts under recent State legislation was discussed and Mr. Thompson emphasized that all actions taken by local school boards are required by the State laws of Pennsylvania.

Another fine recent speaker was E. Wayne Covert, of the State Chamber of Commerce Insurance Committee, who stressed the need of fairness in auto and casualty claims to prevent run-away premiums for policy holders who ultimately pay for excessive damage claim awards.

Members and their wives were recently guests at the preview presentation of "The Most Happy Fella," enjoyed through the courtesy of the Rose Valley Chorus and the Swarthmore Players' Club.

Meetings scheduled for the next two months include for the March 10 meeting: Thomas F. Lewis, Special Agent for the FBI; March 24, lecture and slides on the New York World's Fair by Mr. Bissell; April 14, Honorable Raymond Blattenberger, Public Printer of the United States, under President Eisenhower, and former president of the Printing Industries of America, April 28, "Pennsylvania the Keystone State," color film of the Bell Telephone Company. An annual luncheon for members and their wives will be held in May.

Men who are retired or partly retired from business of the professions are invited to be guests at any meeting. Membership dues are very low, only \$3 a year, and the enjoyment and opportunities for making new friends are very high.

## Delta Zeta Guest Speaker Tonight

William. Ellenbogen, Leedom dr., Media, will be the guest speaker at the Thursday evening (March 12) meeting of the Delta Zeta Alumnae. The meeting will be held at 8 in the home of Mrs. Bruce Dutton, Palmers Mill rd., Media, with Mrs. Alfred Relation, Mt. Alverno rd., Media, as co-hostess.

Mr. Ellenbogen, manager of the General Laboratories Department of Smith, Kline and French, will have as his topic, "Research and Development Activities in Pharmaceutical Industries."

Election of officers for the West Suburban Chapter will follow the speaker. The group will also work on the Easter baskets they are preparing for the children at the Pennsylvania School for the Deaf, which is one of Delta Zeta's annual philanthropy projects.

## Technical School Discussed Last Night By Dalton At Media Sessions

The Delaware County Chapter of the Pennsylvania Committee for Joint Action in Education sponsored an open meeting on "New Opportunities—A Technical Vocational School for Delaware County," held in the Delaware County Court House in Media.

The main speaker, Clyde E. Dalton, Assistant County Superintendent of Schools, in charge of the vocational-technical project, discussed the aims of the school, its projected cost and the types of programs which may be offered.

All school districts in Delaware County, with the exception of the City of Chester, have expressed their intention of participating in this new program. This meeting was the first of a series planned by the Joint Action Committee for 1964-65 to inform all citizens of the county about subjects of importance in the field of public education.

Mr. Dalton is a life-long resident of Delaware County. He graduated from Chester High, took his Bachelor's degree at West Chester State College and his Master's at Columbia University. Following a long career as teacher, Junior High Principal and Supervising Principal, Mr. Dalton was appointed Assistant County Superintendent in 1954. He is former president of the County Education Association and the Eastern Pennsylvania Association of School Administrators, a member of the Media Rotary and active in the work of the Delaware County Health and Welfare Council and the Delaware County Child Guidance Clinic.

The Pennsylvania Committee for Joint Action in Education was formed in 1962 for the sole purpose of advancing the cause of education in the Commonwealth by coordinating the efforts of the three organizations which have a direct interest in education—the Pennsylvania Congress of Parents and Teachers, the Pennsylvania School Boards Association, and the Pennsylvania State Education Association. The Delaware County Chapter plays an important role in the Joint Action Committee legislative program which, among other important programs, supported the passage of the 1963 Vocational-Technical School Act. School Directors and the Chief School Administrators have previously attended meetings which outlined the major provisions of the new County project. This meeting was the first opportunity for citizens to learn about the new school detail and to ask questions.

Presidents of the three county education groups participated in the program. Robert R. Grainger, president of the Delaware County Presidents' Board of the PSEA, teaches Driver Education at Chester High. He is a graduate of Dickinson College and holds a Master of Education degree from NYU.

Mr. William Frasca, president of the Delaware County School Board, has been a member of the County Board since 1961, and a member of the Darby Borough School Board for fourteen years. He served as president of the Darby Borough Board and of the Darby-Colwyn Joint Board. He has been active in the Pennsylvania School Boards Association, serving as a member of the Legislative Council, the Nominations Committee, and the Resolutions Committee.

Mrs. Louis Parente, president of the Delaware County Counties.

## Retiring

Eugene S. Kraus, Jr.

Eugene S. Kraus, Jr., supervisor of the Philadelphia Electric Company's methods and training division, will complete 25 years of service with the company on March 15. Mr. Kraus resides at 302 Leiper st., Media.

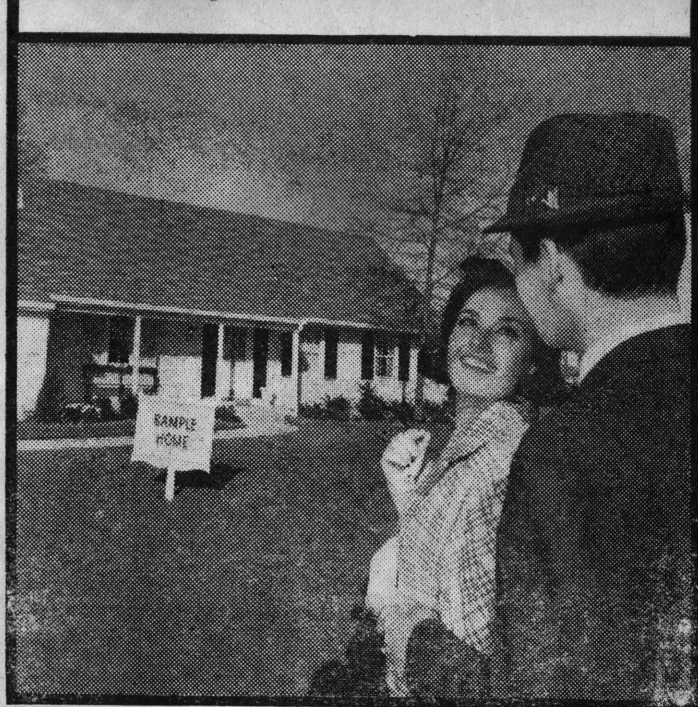

## Gray Lady Head

Mrs. David C. Wolstenholme, of 116 North Norwinden drive, Springfield, has been appointed chairman of the Red Cross Gray Lady unit at Delaware County Memorial Hospital. It was announced by Mrs. Paul W. Puhl, Gray Lady chairman of the local Red Cross Chapter.

As hospital chairman, Mrs. Wolstenholme will coordinate the activities of the Gray Lady unit with the hospital staff and other volunteer groups.

Gray Ladies are an asset to hospitals as they contribute their efforts toward relieving the staff of certain routine duties as well as brightening the long hospital hours confronting convalescent patients. They read to the patients, write letters for them, and see to their comforts and needs.

RESOLUTION No. 8

A JOINT RESOLUTION

Proposing that Article IX, except sections 7, 8 and 10 of the Constitution of the Commonwealth of Pennsylvania relating to taxation and State finance be amended.

The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania is proposed in accordance with the provisions of the eighteenth article thereof:

That Article IX, except sections 7, 8 and 10 of the Constitution of the Commonwealth of Pennsylvania is amended to read:

Article (IX)  
TAXATION AND STATE FINANCE

\*\*\*Section 1—Taxes to be Uniform; Exemptions

All taxes shall be uniform, upon the same class of subjects, within territorial limits of the authority levying the tax, and shall be levied and collected under general laws; but the General Assembly may, by general law, exempt from taxation public property used for public purposes, and actual places of religious worship, places of burial not used or held for private or corporate profit, institutions of purely public charity,

owned, occupied, and used by any branch, post, or camp of honorably discharged soldiers, sailors, and marines; and the General Assembly may, by general laws, set up standards and qualifications for private forest reserves, and make a special provision for the taxation thereof. Citizens, and residents of this Commonwealth who served in any war or armed conflict in which the United States was engaged and were honorably discharged, or released under honorable circumstances from active service, shall be exempt from the payment of all real property taxes upon the residence occupied by the said citizens and residents of this Commonwealth imposed by the Commonwealth or any of its political subdivisions if, as a result of military service, they are blind, paraplegic, or double or quadruple amputees, and if the (State Veterans, Commission) appropriate State agency determines that such persons are in need of (the) such tax exemptions (granted herein).

Section (1B) 2—Exemptions to Residents of Other States  
Taxation laws may grant exemptions or rebates to residents, or estates of residents, of other States which grant similar exemptions, or rebates to residents, or estates of residents of Pennsylvania.

Section (2) 3—Exemption from Taxation Limited  
All laws exempting property from taxation, other than the property above enumerated, shall be void.

Section (3) 4—Taxation of Corporations  
The power to tax corporations and corporate property shall not be surrendered or suspended by any contract or grant to which the State shall be a party.

\*\*\*Section 5—State Debt  
(a) No debt shall be created by or on behalf of this Commonwealth unless—  
(1) the debt has been authorized by a statute which specifies in detail the reason for creating the debt and the debt is for capital improvements for the Commonwealth or any state-aided institution, to suppress insurrection, to rehabilitate areas affected by disaster or on the credit of and in anticipation of the collection of the current revenue or to implement authority voted by the electors prior to the adoption of this Article, for the acquisition of land for State parks, reservoirs and other conservation and recreation and historical preservation purposes, or

(b) All debt of the Commonwealth shall be evidenced by its general obligation bonds or notes.

(c) All bonds or notes issued by the Commonwealth for capital improvements shall mature within a period not to exceed the estimated usefulness of the property or improvement for which they are issued. The estimated period of usefulness shall be stated in the statute authorizing the project and the indebtedness and when so stated shall be conclusive.

Section 6—State Credit Not to be Pledged  
The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint owner or stockholder in any company, association or corporation.

\*\*\*Section (19) 7—Municipal Debt Not to be Assumed by State  
The Commonwealth shall not assume the debt or any part thereof, of any city, county, borough, or township or other political subdivision, unless such debt shall have been contracted to enable the State to (repel invasion, suppress domestic insurrection) suppress insurrection or defend itself in time of war (or to assist the State in the discharge of any portion of present indebtedness).

\*\*\*Section 8—State Sinking Fund  
(a) To provide for the payment of the present Commonwealth debt and any additional debt contracted, the General Assembly shall continue to maintain a sinking fund sufficient to pay the principal and interest of the debt. If at any time the General Assembly fails to make an appropriation for this purpose the State Treasurer, any other provision of this Constitution notwithstanding, shall set apart from the first revenues thereafter received applicable to the appropriate fund a sum sufficient to pay the interest installments of principal or contributions to the sinking fund and shall so apply the moneys so set apart. The State Treasurer may be required to set aside and apply such revenue at the suit of any holder of the Commonwealth bonds.

(b) No part of the sinking fund shall be used or applied otherwise than in the extinguishment of the public debt until all bonded debt of the Commonwealth has been completely repaid. Any money remaining in the sinking fund at such time shall be transferred to the appropriate fund and may be appropriated by the General Assembly.

\*\*\*Section (12) 9—Surplus Fund  
The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund

shall never be invested in or loaned upon the security of anything, except the (bonds) obligations of the United States or of this State.

Section (14) 10—Punishment for Misuse of State Moneys  
The making of profit out of the public moneys or using the same for any purpose not authorized by law by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor and shall be punished as may be provided by law, but part of such punishment shall be disqualification to hold office for a period of not less than five years.

Section (18) 11—Use of Gasoline Taxes and Motor License Fees Restricted  
All proceeds from gasoline and other motor fuel excise taxes, motor vehicle registration fees and license taxes, operators license fees and other excise taxes imposed on products used in motor transportation after providing therefrom for (a) cost of administration and collection, (b) payment of obligations incurred in the construction of public highways and bridges shall be appropriated by the General Assembly to agencies of the State or political subdivisions thereof; and used solely for construction reconstruction, maintenance and repair of and safety on public highways and bridges and air navigation facilities and costs and expenses incident thereto, and for the payment of obligations incurred for such purposes, and shall not be diverted by transfer or otherwise to any other purpose, except that loans may be made by the State from the proceeds of such taxes and fees for a single period not exceeding eight months, but no such loan shall be made within the period of one year from any preceding loan, and every loan made in any fiscal year shall be repayable within one month after the beginning of the next fiscal year.

Section 2. The existing sections 4, 5, 11, 13, 15, 16, 17, 19, 21, 22 and 23 of Article IX of the Constitution of the Commonwealth of Pennsylvania which read as hereinafter set forth, are hereby repealed:

(ARTICLE IX)  
TAXATION AND FINANCE

Section 4. No debt shall be created by or on behalf of the State, except to supply deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million dollars; Provided, however, That the General Assembly, irrespective of any debt, may authorize the State to issue bonds, to the amount of one hundred millions of dollars, for the purpose of improving and rebuilding the highways of the Commonwealth.

Section 5. All laws, authorizing the borrowing of money and on behalf of the State, shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified and no other.)

(Section 1. To provide for the payment of the present

State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund, sufficient to pay the principal and interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government; and unless in case of war, invasion or insurrection

FROM ME to You

By Alex Dunlap  
It was Aristotle who said: "Six hours of sleep for a man, seven for a woman and eight for a fool." Actually the average sack time for adults is about 7½ hours.

During sleep your heart slows, blood pressure drops and blood vessels dilate. However, stomach and intestines continue to function.

Sleep is deepest during the first two hours or so, but doesn't become progressively shallower toward morning. In fact, we tend to rise from a deep early sleep to a lighter snooze and then drift down to heavy sleep again.

Contrary to the old belief, sleep before midnight is not necessarily more beneficial than sleep after the witching hour. It seems that sleep is sleep no matter when you can get it.

Are you sleeping in the best house you could procure for the money? How many times people kid themselves into believing they've made a smart deal . . . only to awaken to irreparable truths later . . . much too late. Let an agent from DUNLAP REALTORS, 28 W. In Pennsylvania... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

## Scout News

Today the Girl Scouts of the U. S. A. celebrate their 52nd birthday. It was on March 12, 1912, that Juliette Low started the first Girl Scout troop in the United States. It is a big step from the twelve girls in that first troop in Savannah, Ga., to the two and three-quarter million Girl Scouts in the United States today. Yet, the Girl Scout Promise is just as meaningful today as it was 52 years ago. The program was updated last September to fit the world of the girl of the day, but the spiritual and moral basis of the program is just as strong, and the vision is just as wide. "Girl Scouting—A Promise In Action" is the theme of this year, with the reminder that Girl Scouting goes on for 52 weeks in the year, in a year-round program.

Many parties for parents are taking place during the week throughout the 65 Girl Scout neighborhoods in Delaware County. Of particular interest to the public is the Girl Scout Panorama which is taking place for the third successive year at Gimbel's Upper Darby store on the Upper Level. The Panorama will portray the new program, with its four age levels, and the progression from one age level to another. This is Girl Scouting In Action as Girl Scouts of all ages from Delaware County demonstrate a variety of activities and projects which take place in troops. There will be demonstrations which relate to home, the arts, service, international friendship, puppets, and the out-of-doors. There will be an opportunity on Thursday to see how puppets and marionettes are made. On Wednesday, troops from Havertown District, under the direction of Mrs. Albert G. Langer, will perform a variety of international dances. There will be pottery, clay pat-

terned, clay sculpture, ceramics, first aid, lashing, plays. Early Saturday afternoon there will be puppet shows, by Senior Troop 653, of Upper Darby. The Panorama will come to an end at 4 o'clock on Saturday afternoon, March 14, with a Scout's Own program and retiring of colors by Troop 279 of Upper Darby.

Members of Explorer Post 2111 helped to arrange tables and props for the display. Also featured at the Panorama will be a tribute to the 4,079 volunteer adults in Delaware County who make possible the program for the more than 16,000 Girl Scouts in the county. They serve as leaders, troop committee members, neighborhood service team members, trainers, members of the Board of Directors and on Board Committees, and as service volunteers in public relations, program, camping, volunteer personnel, finance, and for special programs and events.

Mrs. Charles A. Gaulin, of Drexel Hill, is in charge of the Panorama and Mrs. Charles A. Logue of Havertown, is in charge of displays and exhibits. Each day hostesses, volunteer adult Scouts from the eight districts in the county will staff the Panorama.

Ten Senior Girl Scouts from the Girl Scouts of Delaware County Council were selected to attend the Inter-Council Conference of the Senior Girl Scouts on March 14 and 15 in Scranton, Pa. The hostess council is Scranton Pocono Girl Scout Council. The Senior Scouts attending from Delaware County are: Frances Polomano of Troop 4439, Springfield; Rita Mongelli of Troop 554, Springfield; Judy Gattinilla of Troop 239, Springfield; Sandy Williams of Troop 151, Norwood; Veronica Curley of Troop 4, Chester; Louise Bailey, Troop 471, Up-

land; Linda Kleckner of Troop 26, Havertown; Agnes Gove, of Troop 501, of Ardmore; Nancy Coughlin, Troop 169, of Ridley Park, and Cheryl Powell, Troop 35, Folsom. The girls will be guests in the homes of Scranton Pocono Senior Girl Scouts. There will be three general business sessions, with the one on Saturday evening, followed by a Hootenanny. The conference extends from noon on Saturday to 2:30 on Sunday.

The 52nd Anniversary of the Girl Scouts will be commemorated March 9-14 in a series of activities by troops of the Delaware County Councils. Hundreds of Scouts and leaders will participate in the week long displays and demonstrations planned for the Gimbel stores in Upper Darby.

A flag ceremony and a reenactment of the Girl Scout investiture will officially open the exhibit of the Delaware County Council at 3:30 p.m., Monday, March 9, on the upper level of Gimbel's, Upper Darby.

Friday, arts displays, including ceramics, pottery, clay modeling, and sculpture, will be presented by the Providence District. Mrs. Nicholas P. Klargis, 2604 Oriole rd., Broomall, will be the hostess of the event.

Saturday demonstrations by the Stoney Brook and Chester Pike East Districts will be devoted to the outdoor activities of the Girl Scouts, stressing items used in camping and first aid. Hostess will be Mrs. James W. Phillips, 638 Ninth avenue, Prospect Park.

The Girl Scouts of St. Denis School and Chestnutwood School of the Havertown District of the Girl Scouts of Delaware County held a Box Supper on Friday evening, February 21. The program was based on Thinking Day and had an international theme. There were international songs done by Cadette Troop 264, Junior Troop 146, and Brownie Troops 128

Mrs. Charles A. Gaulin, 4408 Huey ave., Drexel Hill, chairman of the Council's Public Relations Committee, will coordinate the exhibition by Delaware County. Assisting her will be Mrs. Charles F. Logue, 1616 Ashton rd., Havertown, and Miss Naomi Wark, 64 North Diamond st., Clifton Heights.

Also scheduled is a salute to volunteers, marking Volunteer Recognition Week (March 8 to 14th).

Miss Dorothy Coleman, 101 Academy lane, Highland Park, Upper Darby, Neighborhood chairman of the Parks Neighborhood District, will coordinate the Philadelphia County international theme. There were exhibit. She will be assisted by Mrs. Ellis Scott Grayson and Mrs. Ruth Hartman, staff mem-

bers of the Philadelphia County Council. The Girl Scouts of Delaware County Council were selected to attend the Inter-Council Conference of the Senior Girl Scouts on March 14 and 15 in Scranton, Pa. ## A Radiological Monitoring Team For Post Offices

Each post office in Delaware County will soon have a trained radiological monitoring team, county Civil Defense Director Jack F. Robbins announced.

"Radiological monitoring courses for post office personnel in order that they may participate in the National Fallout Monitoring Network are being formulated," Robbins said.

"This is in line with an agreement with the U. S. Post Office Department and the National Office of Civil Defense relative to expansion of the fallout monitoring network within the postal service."

Scheduled to conduct the courses in the near future are Walter T. Frost, volunteer chief of the county CD radiological division, assisted by volunteer instructors Dr. William F. Bruce, Ernest Federoff and John H. Strucker.

In a memorandum addressed to all county postmasters Robbins requested information as to the number of postal employees who will take the courses and the dates and hours most convenient for them.

Robbins expressed his appreciation for the postmasters' "cooperation and interest in this vital facet of our county civil defense program."

## PE Goes On Natural Gas This Sunday

Philadelphia Electric will convert its gas system to natural gas beginning on Sunday, March 15. At present, the Company supplies its 242,000 gas customers with a mixture of natural and manufactured gas.

Straight natural gas will be introduced first into the Pottstown area distribution system, and is scheduled to be in all areas served by the Company by May 30.

Domestic and commercial appliances, including gas heating equipment, have already been adjusted to operate properly on natural gas. However, the Company will check the appliances and equipment to assure the best performance with natural gas. There will be no charge for this service.

The Company's decision to change to natural gas comes after extensive cost studies and careful system planning. Letters notifying gas customers of the conversion program will be mailed by the Company tomorrow.

With the expansion of natural gas pipelines, loops and interconnections to the east, delivery capabilities have been increased considerably, thus assuring service continuity and adequate supplies of gas.

Philadelphia Electric has been using natural gas in its system since 1948. In 1951, the P.E. system was converted from a gas with a value of 520 heating units (Btu's) per cubic foot to one with a value of 801 heating units. Seven years later, the gas heating unit value was increased to 900. The conversion starting March 15 will raise the heating units to 1030.

P. E. supplies gas to portions of Delaware, Montgomery, Bucks, Chester, and Lancaster Counties. This service area comprises 1,223 square miles with a population of nearly 1,500,000 in 100 towns, ships, 73 boroughs, and the Cities of Chester and Coatesville. The P. E. gas system includes more than 3,000 miles of distribution mains.

Sixty per cent of last year's total gas output of 52.6 billion cubic feet was used for heating purposes. The largest daily output experienced by the Company came on December 31, 1962, when the average temperature for 24 hours was 13 degrees. Then, the system sent out 293,200,000 cubic feet of gas.

The contracts were placed with these companies:

\* Ragnor Becon, Inc. - To design and construct four hyperbolic natural-draft cooling towers to cool the condensers circulating water.

\* Kaiser Aluminum and Chemical Corporation, Electric Products Division - To supply aluminum conductor for the extra-high-voltage power transmission system east from the plant.

\* Research-Cottrell, Inc. - To build four high-efficiency fly ash precipitators.

\* Blaw-Knox Company, Copes-Vulcan Division - To supply furnace wall blowers and deslaggers for the two huge steam generators.

\* Worthington Corporation - To build four boiler feed pumps and eight low-pressure feedwater heaters.

\* Foster Wheeler Corporation - To supply high-pressure feedwater heaters.

\* Ingersoll-Rand Company -

and 275. A flag ceremony with international flags was done by Cadette Troop 494 and Junior Troop 253. "It's Up To Us," a choral reading was done by Brownie Troop 814, Junior Troop 334, Cadette Troop 375, and Senior Troop 752, under the leadership of Mrs. Robert Snyder of Havertown. International dances were done by Junior Troops 650 and 589.

The mistresses of ceremonies were Cadette Scouts Pat Gibbons and Janice Jackson, and Senior Scouts Carol Homan and Ruth Kibby, all of Havertown.

The special guests of the evening were introduced by Neighborhood Chairman Mrs. Victor Anderson. They were Mrs. Alfred Barison, a member of the Board of the Main Line Reform Temple; Father Grifferty, pastor of St. Denis Church; Mrs. Clella Harkins, a District Advisor for the Girl Scouts of Delaware County; Reverend Chas. Lobb, Director of the City Student Work of the Methodist Church, of this kind ever ordered, are and Mr. Richard Scullin, principal of Chestnutwood School.

Mrs. Charles McClintock Ardmore, was in charge of the program.

The four precipitators, comprising the largest installation of this kind ever ordered, are expected to have a record-setting 99.5 percent efficiency. The high efficiency is the result of recent advancements in research and development.

## Edward H. Smoker

A prominent Wallingford resident has been named to a top leadership post in the 1965 United Fund Torch Drive scheduled to be held next fall.

He is Edward H. Smoker, 101 Kershaw road, president of the United Gas Improvement Company, whose appointment as one of seven Torch Drive vice chairmen was announced this week (Thursday) by Ed-

ward J. Dwyer, general campaign chairman.

Active in behalf of the United Fund since 1957, Smoker was chairman last year of the drive's corporate gifts department, which raised over \$4,000, 000 to help the campaign set a record total of \$14,208,057 for the support of 250 agencies and services. He was also a member of the 27-man Chairman's Committee of business civic and professional leaders dedicated to Torch Drive success last fall.

Smoker has headed the Torch Drive's major firms department and served on the fair share committee which recommended standards for giving. He is a trustee of the United Fund and a member of the executive committee.

Smoker is also active in other community affairs. He serves on the Nether Providence School Authority and is a trustee of the Delaware County Memorial Hospital, and a member of the board of managers of Franklin Institute.

The new vice chairman is a member of several professional organizations including the Society of Gas Lighting, American Chemical Society and American Institute of Chemical Engineers. He is president of

ED. H. SMOKER ADD-1....

Such a plan would give a full range library program to all residents of the County and would eliminate the need of our local library to carry extensive, expensive reference materials and tools and to provide all the adult and children's services that are required in our growing community.

Some areas in the county can afford good library service while others would be unduly burdened to supply funds for the type of service their citizens need. However, the county as a whole is able to afford good library service for everyone and to reach the large areas of our county which now have no library service at all.

Our own Haverford library, as a part of such a plan would be improved and its services enlarged.

## Amendments

tion, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.)

(Section 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published showing the amount of such moneys, where the same are deposited, and how secured.)

(Section 15. No obligations, when have been heretofore issued, or which may hereafter be issued, by any county or municipality, or other local Philadelphia, to provide for the construction or acquisition of water works, sewers, underground railways or street railways, or the improvement thereof, shall be considered as a debt of a municipality, within the meaning of section eight of article nine of the Constitution or of this amendment, if the net revenue derived from said property for a period of five years, either before or after acquisition thereof, or where the same is constructed by the county or municipality, after the completion thereof, shall have been sufficient to pay interest and sinking-fund charges during said period upon said obligations, or if the said obligations shall be secured by liens upon the respective properties, and shall impose no municipal liability. Where municipalities or counties shall issue obligations to provide for the construction of property, as herein provided, said municipalities or counties may also issue obligations to provide for the interest and sinking-fund charges accruing thereon until said properties shall have been completed and in operation for a period of one year; and said municipalities and counties shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until after said properties shall have been operated by said counties or municipalities during said period of one year. Any of the said municipalities or counties may incur indebtedness in excess of seven per centum, and not exceeding ten per centum, of the assessed valuation of the taxable property therein, if said increase of indebtedness shall have been assented to by three-fifths of the electors voting at a public election, in such manner as shall be provided by law.

(Section 16. In addition to the purposes stated in article nine, section four of this Constitution, the State may be authorized by law to create debt and issue bonds, to the amount of fifty millions of dollars, for the payment of compensation to certain persons from this State who served in the Army, Navy, or Marine Corps of the United States and Spain, between the twenty-first day of April, one thousand eight hundred and ninety-eight and the thirtieth day of August, one thousand eight hundred and ninety-eight, or who served in the China Relief Expedition in the Philippines or Guam, between the twenty-first day of April, one thousand eight hundred and ninety-eight, and the fourth day of July, one thousand nine hundred and two, or who served in the Army, Navy, or Marine Corps of the United States during the World War, between the sixth day of April, one thousand nine hundred and seventeen, and the eleventh day of November, one thousand nine hundred and eighteen.

(Section 16. In addition to the purposes stated in article nine, section four, of this Constitution, the General Assembly may provide, by law, for the issue of bonds, to the amount of ten millions of dollars, for the purpose of acquiring toll bridges, and may, by law, provide that, upon the acquisition of any such bridge, tolls may be charged for the use thereof, sufficient to pay the interest and sinking fund charges on such bonds and the cost of the maintenance of such bridges, until the bonds issued have been retired and such bridges are freed of tolls.

(Section 17. The Governor, the Auditor General, and the State Treasurer, immediately upon the adoption of this amendment by the electors, may borrow an amount not exceeding twenty-five million dollars to defray the expenses of the State government for the biennium beginning June first, one thousand nine hundred thirty-three; provided the General Assembly, at its regular session of one thousand nine hundred thirty-three, has authorized the borrowing of money for this purpose.)

(Section 19. The city of Philadelphia, in constructing, for the benefit of the inhabitants thereof, transit subways, rapid transit railways or other local transit facilities for the transportation of persons or property, shall have the power, in order the more justly to distribute the benefits and costs of such transit facilities, to levy special assessments against such properties, whether abutting or not abutting upon said transit facilities, as are or will be specially and particularly benefited by the construction or operation of such transit facilities; such power to be exercised with existing or with future laws or pursuant to statutes enacted prior to the adoption of this amendment but made effective by it. Such special assessments, when so levied, may be made payable presently when levied or in installments over a period of years, with or without interest, and shall immediately, when so levied, be deducted from any indebtedness incurred for such purposes in calculating the debt of such city. Such city may acquire by eminent domain either the fee or less estate or easements in land necessary for the construction or operation of such transit facilities or for the disposal of each or material excavated in the construction thereof or for other incidental purposes; but this provision shall not create any additional powers for the condemnation of any railroad or street railway in operation.)

(Section 21. In addition to the purposes stated in article nine, section four of this Constitution the Commonwealth may be authorized by law to create debt and to issue bonds to the amount of fifty million

dollars (\$50,000,000) for the construction of public buildings, highways, drainage and sanitary systems, antiseptics, pollution and flood control projects for purposes of reforestation, and for the rehabilitation and hospitalization of war veterans.

Section 22. In addition to the purposes stated in article nine, section four of this Constitution, the Commonwealth may be authorized by law to create debt and to issue bonds to the amount of \$500,000,000 for the payment of compensation to certain persons from this Commonwealth who shall have served in the armed forces of the United States or of any of her allies during World War II, between the seventh day of December, one thousand nine hundred

# Provident Tradesmens Media grows **100** years young... come celebrate with us!

The big day comes Thursday, March 12th. That's the 100th anniversary of Provident Tradesmens in Media. Here's what's happening . . . and remember, *you're invited!*

- An interesting gift for you just for dropping in to help us celebrate . . . all through the day.
- Cake-cutting ceremonies for our 100th anniversary cake at 9:30 in the morning.
- An organ recital by Larry Ferrari at noon.
- A valuable gift if you open a Checking or Savings Account with \$25 or more . . . all through the day.

It's a big once-in-a-lifetime day for us and we want you to enjoy it, too. It's part of the pleasure of bringing you in Media the best kind of banking services we know how. See you at the bank on the 12th!

*Help your Media friends and neighbors mark this big 100. If you added up their years of service at Provident Tradesmens, you would find they total well over 400!*
